So all mail should continue to the address of record. Plaintiff is also requesting to know when will the 'explanation' portion of your Order will be filed, as to not further delay my time to appeal. I have no access to computer, or even my identification to attempt visiting a public venue.

Plaintiff is also requesting to know why is there a delay in the Marshals service of plaintiff complaint on defendants et al; is there anything else needed from plaintiff? If plaintiff chooses to not appeal your order, approximately how long will it take, and who do I contact at the Marshals office?

Again, plaintiff is surviving out of two bags, one clothes one papers, no monies, no internet access, currently using a borrowed phone because of this, no identification, All plaintiff's property left in his home is now at risk as has been threatened by Mr. Rahman, too be dumped for garbage if not moved in the next 2-3 weeks, this also includes all my Exhibits, and other papers to other matters with the CITY OF NEW YORK; My father's Aviation Teaching material, Boards Simulator, video etc; Again I strongly urge you reconsider issuing a new order at the least putting me back in my home and barring Mr. Rahman and associates etc from entering upon/into property; and Barring Mrs. Lewis
